

# The structure of this textbook : simple and efficient

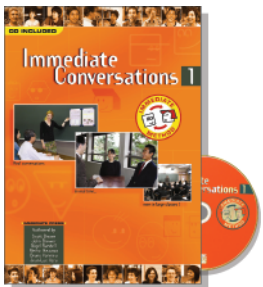

Color-coded Vocabulary boxes: students write in their vocabulary..

The Grammar Toolbox gives the main structure. (the grammar of each toolbox is explained in Japanese in the student's CD).

Examples: can be used in class or be left as a reference for the students.

By combining the Grammar Toolbox and the Vocabulary boxes, students can create many meaningful sentences, and write them in their book.

Once students master a topic, video interviews show them the pleasure and simplicity of real-life English.
